EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

The numbering of claims is not in accordance with 37 CFR 1.126 which requires the original numbering of the claims to be preserved throughout the prosecution. When claims are canceled, the remaining claims must not be renumbered. When new claims are presented, they must be numbered consecutively beginning with the number next following the highest numbered claims previously presented (whether entered or not).

Misnumbered claim 32 (second occurrence) been renumbered 33.

Misnumbered claim 33 has been renumbered 34.

In the Claims:

1) In newly renumbered Claim 34, the numeral "32", after the word "claim", has been replaced with the numeral --33--.

Note that this newly renumbered claim 34 cannot depend upon original claim 32 because each of these claims set forth the same subject matter. Thus, the claim must depend upon claim 33.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
